Akcia Incorporated is uniquely positioned to deliver solutions and services to health care organizations on Cerner® platforms.

Our staff is health care trained and all have demonstrated experience on the Cerner® platform.

Our relationships with the vendor and client base allow us to collaborate and offer solutions other IT companies cannot.

Get the most out of your investment in Cerner®

► CCL® Services

We offer specialized services for custom reporting, data extracts, custom interfaces and other programming needs.

In addition to delivering custom solutions, we also offer customized training.

► Staff Augmentation

Our services include providing skilled technical professionals for project based assignments.

We also provide permanent resources to fill vacancies in your full-time staff.

► Custom Applications

Looking for that niche need or a complete application?

Whether it is web, client-server or handheld enabled, we've been there. Not only do we have the expertise to develop these solutions, we also offer architecture services to help assess and design.

Single Focus. Extraordinary Results.
Cerner® Professional Services from Akcia.
