Akcia can provide Cerner® expertise with proven hands-on experience for your project-based and permanent staffing needs.

With Akcia's strong experience in the Cerner® industry, we can help you achieve your goals in implementing, upgrading or converting your Cerner® products.

► Look to Akcia for your project needs

- Akcia can build and test your database so that it fits the needs of your organization.
- We can develop training materials and lead instruction for end-users to support the way your institution has chosen to implement the software.
- Akcia will support the conversion and the post-conversion period until your staff is comfortable with the new system. We will help you execute the plan so that your institution has a smooth transition to your Cerner® system.

► Look to Akcia for your permanent needs

- Akcia performs due diligence on each candidate ensuring client satisfaction.
- Our full-time Cerner® recruiters conduct comprehensive searches that enable us to produce high-level health care professionals.
